Dear Dr. Bodrov,

On behalf of Renovabis, the Solidarity Initiative of the German Catholics with the people in Central and Eastern Europe, I congratulate you and all staff of St. Andrew's Biblical Theological Institute on the occasion of the 25th anniversary of the institute.

The ecumenical cooperation with our Christian sister churches in Central and Eastern Europe is a main concern of Renovabis. The seminars and conferences of St. Andrew's Institute are an important contribution to the ecumenical dialogue. With its translation and publication projects, St. Andrew's Institute makes theological and philosophical literature of Western authors accessible to the Russian reader.

May God bless your work!

Yours sincerely

Dr. Gerhard Albert
